Client Relationship Summary

Prepared for: Internal Use | Relationship Manager Review | 2026-07-01

Portfolio Overview

Portfolio ID	Strategy	Client Type	Onboarded
PORT-001-GROWTH	Concentrated Growth Equity	Endowment	2023-03-15
PORT-002-INCOME	Fixed Income / Income Focus	Pension Fund	2022-11-01
PORT-003-BALANCED	60/40 Balanced Multi-Asset	Family Office	2024-06-20

Relationship Notes

PORT-001-GROWTH (University Endowment, \$Confidential AUM): High-conviction mandate reflecting the endowment's long time horizon and risk tolerance. Client board reviews performance quarterly; unusually sensitive to concentration risk given historical exposure incidents in 2019. Any concentration breach must be proactively communicated to the client relationship team before the client asks.

PORT-002-INCOME (Corporate Pension Fund): Focused on liability-matching and stable income generation. Duration and credit quality are the primary risk levers monitored; concentration risk is secondary but the 15% single-security limit (see Compliance Policy CP-2024-07) is stricter than growth mandates.

PORT-003-BALANCED (Family Office): Newer relationship (onboarded 2024), still building trust in reporting cadence and transparency. This client has explicitly asked for proactive alerts rather than quarterly-only reporting -- a direct driver for the firm's investment in real-time pipeline monitoring.
